THE YEAR IN REVIEW

SUMMARY OF 1980 INSURANCE AND INSURANCE-RELATED LEGISLATION

1980 Public Acts	Subject
P.A. 41	PROPERTY AND CASUALTY GUARANTY FUND — Amends Chapter 79 of the Insurance Code to make technical changes to improve the Property & Casualty Guaranty Fund. The major benefit to consumers is the inclusion of unearned premiums as claims which will be paid to policyholders by the Fund in the event of insurer insolvency.
P.A. 58	LIFE INSURANCE NONFORFEITURE BENEFITS — Amends Chapters 8 and 40 to change the minimum standards for reserve liability evaluation and calculation of nonforfeiture benefits on life insurance and annuity contracts in recognition of higher interest rates.
P.A. 263	DISCRETIONARY GROUP LIFE INSURANCE — Raises the maximum amount of group life insurance which may be sold to certain discretionary groups under Section 4424 from $50,000 to $75,000.
P.A. 329	MEDICARE SUPPLEMENT POLICIES — Requires that a buyer's guide be provided to each person who buys a Medicare supplement policy, that a standardized outline of coverage be provided to each applicant, and that a Medicare supplement policy sold through direct solicitation allow the policyholder to cancel within 30 days with a full refund.
P.A. 340	AGENT LICENSING — Amends Section 1201 of the agent licensing requirements to permit surplus lines licensees to enter contractual relationships with eligible unauthorized insurers.
P.A. 341	SURPLUS LINES — Repeals Chapter 18 and creates a new Chapter 19 to regulate the conditions under which surplus lines business may be transacted in Michigan. This act took effect on June 23, 1981.
P.A. 342	AUTHORIZATION OF INSURERS — Amends Section 406 to delete the exclusion of foreign insurers from Michigan who are owned or controlled by another state or by a foreign nation.
P.A. 350	NONPROFIT HEALTH CARE CORPORATIONS — Repeals Public Acts 108 and 109 of 1939 and creates a new statute for the incorporation of nonprofit health care corporations.
P.A. 357	WORKERS' COMPENSATION — Amends the Workers' Disability Compensation Act to provide increased level of benefits for injured workers and to establish standards of eligibility for compensation.
P.A. 370	INSURER INVESTMENTS — Amends Section 901 to modernize the definitions of qualifying assets and to coordinate Section 901 with Section 436.
P.A. 390	AGENT LICENSING — Amends Chapter 12 to define "good moral character" in licensing agents, solicitors, adjusters and counselors. This act makes the standards for licensing in the Insurance Code consistent with those used in licensing other professions in Michigan.

1980 Public Acts	Subject
P.A. 429	SUBSTANCE ABUSE — Repeals Section 3454 and adds Section 3425 to require health insurers to provide coverage for substance abuse treatments under certain conditions. This act will take effect on January 1, 1982.
P.A. 430	SUBSTANCE ABUSE — Requires a health care corporation as defined in P.A. 350 of 1980 to provide coverage for substance abuse treatment under certain conditions. Effective January 1, 1982.
P.A. 445	NO FAULT — Amends Chapter 31 to change the order of priority for no fault accidents involving motor vehicles and motorcycles so that the insurer of the motor vehicle involved in the accident pays first. Motorcycle insurers must also offer first party medical benefits coverage, in increments of $5,000.
P.A. 446	NO FAULT — Changes the penalty for operating a motor vehicle without maintaining the financial security of Section 3101 or Section 3103 from suspension of license or registration to a fine or imprisonment or both. It is a companion bill to P.A. 459.
P.A. 459	MOTOR VEHICLE ACT — Amends the motor vehicle act to provide that a person found guilty of operating a motor vehicle without insurance will be subject to a fine and/or imprisonment rather than license and registration revocation.
P.A. 461	ESSENTIAL INSURANCE — Revises sections of Chapters 21, 29, 31 and 33 of the Essential Insurance Act. Notable changes are that agents must quote the lowest rather than give three representative quotes, that affiliated auto insurers may use identical rates, and that collision coverage options in Section 3037 apply only to new applications for private passenger auto insurance.
P.A. 495	FIRE INSURANCE PROCEEDS — Adds Section 2845 to require, at local option, that 15% of the proceeds from a fire claim settlement be withheld and escrowed by the local government until the property is either repaired or demolished.

ACTIVITIES OF INSURANCE BUREAU DIVISIONS

The Insurance Bureau is headed by the Commissioner of Insurance who is appointed by the Governor to serve a four year term. There are two deputy commissioners, the Deputy Commissioner of Policy and the Deputy Commissioner of Administration, who coordinate activities of Bureau divisions and perform specialized services within the Bureau. The organization chart on page four illustrates the Bureau's underlying structure.

1980 was a year marked by financial constraints. Ways were sought to perform the range of activities mandated by law and public policy considerations with a shrinking budget and staff. Although the Legislature allocated thirteen new positions for administration of the complex Essential Insurance Act, the Bureau was forced to eliminate twenty-eight previously existing positions in late 1980. Expenditures in fiscal years 1978/1979 and 1979/1980 were nearly identical, but a corresponding inflation rate of 12.8% reduced the purchasing power of those 1980 dollars.

OFFICE OF POLICY & COMPLIANCE

This office performs a variety of functions within the Insurance Bureau. The Hearings Division conducts administrative hearings on topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to consumer assistance matters. Actuarial services are provided to other units by the Office of Actuarial Analysis and Planning, which is also developing computerized information systems to monitor selected insurance markets.

The Consumer Protection and Malpractice Arbitration Division administers the medical arbitration program established by Acts 140 and 141 of the Public Acts of 1975. This division also performs research and makes policy recommendations in the area of minimum standards for life and health insurance, malpractice insurance, medicare supplementary insurance, dread disease policies and other related topics. The Regulatory Standards Division analyzes current problems encountered by the Insurance Bureau in its regulatory role and develops recommendations for dealing with these problems, particularly in implementing the Essential Insurance Act.

These later two divisions develop rules, bulletins, and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code. Taken as a whole, these components work to articulate a regulatory policy to be applied to the business of insurance, and to join with other areas of the Insurance Bureau to enforce regulatory policy.

OFFICE OF CONSUMER PROTECTION

This office is responsible for assuring that consumers are treated by the licensees of the Insurance Bureau in a manner that is fair and in accordance with the requirements of the Michigan Insurance Code. The Office of Consumer Protection investigates and handles consumer complaints, investigates alleged violations of the Insurance Code, and conducts market practice examinations of companies.

The administrative staff develops legal notices of allegations of statute violations based on the investigations of its three divisions. Prosecution of compliance actions is instituted accordingly. During 1980, 148 new compliance actions were instituted, and 151 compliance actions were closed, resulting in disciplinary actions which ranged from formal reprimand to revocation of license. Fines assessed in 1980 totaled $166,475.20. These figures are a substantial increase over compliance activity in 1979; there was a 114% increase in new compliance actions, 243% increase in actions closed, and a 1,098% increase in the amount of fines assessed.

Consumer Assistance Division (CAD)

This division attempts to help consumers who have experienced problems with their insurance or who have questions regarding insurance coverages. CAD is often able to mediate disputes between the consumer and company to the advantage of the consumer. In 1980, CAD received 519 inquiries, 6,844 written complaints, helped 1,365 walk-ins, and responded to 31,408 telephone inquiries. Through this division's efforts, there was a monetary return to consumers (in the form of claims paid and premiums returned) of $2,426,197.

Investigation Division

This division is charged with the responsibility of investigating allegations of violations of the Insurance Code and related codes by insurance agents, solicitors, counselors, and adjusters. During 1980, 111 investigations were conducted.

The Investigation Division also receives and processes numerous Insurance Services Office of Michigan notices of errors and omissions in rate and form filings. In 1980, this review resulted in 62 notices to particular companies. Thirty-four of these notices were closed without penalties and 28 resulted in fines totalling $725.

Marketing Practices Division

This division is charged with the responsibility of examining insurers for compliance with sections of the Insurance Code, especially Chapter 20 which deals with unfair trade practices, and Chapter 21, the major portion of the Essential Insurance Act. Companies are targeted for auditing through analysis of consumer complaints received by the Consumer Assistance Division. During 1980, the three examiners completed seven audits which averaged seven weeks in length.

OFFICE OF HEALTH INSURANCE

This office is responsible for administering all laws, rules and regulations pertaining to non-profit prepaid health care corporations operating in the state. These corporations include Blue Cross and Blue Shield of Michigan (BCBSM), Delta Dental Plan of Michigan (DDPM) and eleven health maintenance organizations (HMOs).

BCBSM provides coverage for medical and hospital care to nearly five and one-half million persons, over half of the state's population. It has contracts with all but one of the hospitals in the state and with over 70% of the physicians. It also administers the federal Medicare program in Michigan. BCBSM's first rate increase since 1978 was approved in 1980. The increase, which averaged 16.6%, applies to rates for non-experience-rated subscribers, who comprise about 27% of BCBSM customers in Michigan.

The first major legislative reform of BCBSM since its inception in 1939 was signed into law on December 29, 1980. P.A. 350 restructures the board of directors of BCBSM to increase consumer representation. It also embodies a significant reduction in direct authority of the Insurance Commissioner over corporate reserves, rates of reimbursement to hospitals and subscriber rates. But it is an imaginative attempt to solve pressing health care problems, the most important of which is cost containment.

HMOs continued to progress as an alternative to traditional "fee-for-service" arrangements. Three HMO applications are, at present, being reviewed by the Office of Health Insurance. This would add to the present eleven now in operation in the state. A key element of HMO's future growth will be their ability to maintain control of utilization and reduce the need for hospitalization of their members.

OFFICE OF INDUSTRY STANDARDS

This office administers regulation to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, examined, and analyzed. This office is also charged with the responsibility of assuring that companies charge fair and adequate rates and issue policies that are in compliance with the Insurance Code.

Financial Standards Division

This division's primary responsibility is conducting financial examinations on site of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with the statutes, thereby protecting the insurance buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1980, the Bureau's staff of 12 examiners participated in 25 examinations: 23 of the companies were domiciled in Michigan, and six examinations were conducted under the auspices of the National Association of Insurance Commissioners with the participation of examiners from other states. The division also examined one Canadian company that uses Michigan as its port of entry state.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing 1,300 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed companies under the surplus lines provisions of the Michigan insurance laws. An analysis is performed in order to determine financial solvency and to ensure compliance with various statutory requirements.

The Financial Analysis Division is also responsible for administration of the Premium Finance Act. As of December 31, 1980 there were 40 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not excessive, inadequate, or unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for required clauses and to make sure they are not ambiguous or misleading.

During 1980, the division acted on 7,686 property and liability rate and form submissions. In addition, 16,050 individual policy forms and 13,811 individual risk filings were approved.

In 1980, the division received 7,420 life and health policy form or rate filings and 1,541 advertising pieces or marketing plans. In addition, 1,536 miscellaneous filings were received such as lists of exempt forms, accident and health experience exhibits, and discretionary group life filings.

The Surplus Lines Unit monitors the activities of surplus lines agents. Staff received and processed 30,249 surplus lines agent's placement affidavits and premium tax payments totaling $2,282,715.76. New surplus lines licenses were issued to 14 agents.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and agent licensing is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Property and Casualty Guaranty Fund.

Agency Licensing Division

This division conducted 9,516 qualification examinations of all types in 1980; 6,464 examinations were completed successfully, while 3,052 failures were recorded. The table below shows the results of the agent examinations by lines of insurance.

Insurer Licensing Division

This division is responsible for supervising all corporate activities such as application by foreign and alien insurers for admission to Michigan, for amended authority in Michigan and for the organization of new Michigan domestic companies. The total number of companies authorized to write insurance coverages in Michigan as of December 1980 was 1,085, an increase of 3.7% over 1979. It is also responsible for maintaining corporate files into which are placed original copies of activity affecting insurance companies licensed in Michigan.

Domestic Companies Incorporated in Michigan During 1980

The following companies were incorporated under the insurance laws of the State of Michigan, and were authorized to commence the business of insurance in the State of Michigan during 1980:

Insurance companies doing business in the State of Michigan which become insolvent are supervised by the Commissioner of Insurance as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluating claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer, and the investing and conserving of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.

ACTIVITIES OF INSURANCE BUREAU DIVISIONS

The Insurance Bureau is headed by the Commissioner of Insurance who is appointed by the Governor to serve a four year term. There are two deputy commissioners, the Deputy Commissioner of Policy and the Deputy Commissioner of Administration, who coordinate activities of Bureau divisions and perform specialized services within the Bureau. The organization chart on page four illustrates the Bureau's underlying structure.

1981 was a year of adjusting to budget and staff reductions while trying to perform the range of activities mandated by law and public policy considerations. Two important pieces of legislation, P.A. 1 and P.A. 110, resulted in additional revenue to the General Fund, projected at $5.7 million for fiscal year 1981/82.

OFFICE OF POLICY & COMPLIANCE

This office performs a variety of functions within the Insurance Bureau. The Hearings Division conducts administrative hearings on topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to consumer assistance matters. Actuarial services are provided to other units by the Office of Actuarial Analysis and Planning, which is also developing computerized information systems to monitor selected insurance markets.

The Consumer Protection and Malpractice Arbitration Division administers the medical arbitration program established by Acts 140 and 141 of the Public Acts of 1975. This division also performs research and makes policy recommendations in the area of minimum standards for life and health insurance, malpractice insurance, medicare supplementary insurance, dread disease policies and other related topics. The Regulatory Standards Division analyzes current problems encountered by the Insurance Bureau in its regulatory role and develops recommendations for dealing with these problems, particularly in implementing the Essential Insurance Act.

These latter two divisions develop rules, bulletins, and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code. Taken as a whole, these components work to articulate a regulatory policy to be applied to the business of insurance, and to join with other areas of the Insurance Bureau to enforce regulatory policy.

OFFICE OF CONSUMER PROTECTION

The Office of Consumer Protection and Enforcement is responsible for assuring that consumers are treated by licensees of the Insurance Bureau in a manner that is fair and in accordance with the requirements of the Michigan Insurance Code. This Office is also responsible for monitoring and enforcing compliance with the Marketing Regulations of the Code, thereby insuring fair competition between licensees, companies, and

other persons in the business of insurance. The Office investigates and handles consumer complaints, investigates alleged violations of the Insurance Code and conducts Market Conduct Examinations of companies and insurance entities. The Consumer Protection Compliance section of this Office is responsible for initiating the large bulk of all compliance and enforcement actions deriving from the Insurance Bureau and for prosecuting those actions in the administrative process.

The administrative staff, in conjunction with the staff in the Consumer Protection Compliance Section, develops legal notices of allegations of statute violations based on the investigations deriving from the Office of Consumer Protection and Enforcement, or elsewhere in the Insurance Bureau. Prosecution of compliance actions is accordingly initiated by the Office of Consumer Protection. During 1981, 415 new compliance prosecutions were initiated, and 321 compliance prosecutions were concluded. Fines totaling more than $212,000 were assessed as a result of the Office of Consumer Protection's compliance actions in 1981. Twenty-seven licenses were either suspended or revoked in 1981, four applicants for licensing were formally refused licenses and provided with hearings on those refusals, and twenty-one agents were ordered to be re-examined to demonstrate continuing competence and knowledge of the Insurance Code.

These statistics demonstrate a continued improvement and compliance effectiveness in all areas by the Office of Consumer Protection and Enforcement staff. This improvement occurred even in the face of significantly reduced resources and staffing levels.

Consumer Assistance Division (CAD)

This division helps consumers who have experienced problems with their insurance or who have questions regarding insurance coverages. CAD is often able to mediate disputes between the consumer and company to the advantage of the consumer. In 1981, CAD received 463 written inquiries, 5,625 written complaints, helped 378 walk-ins, and responded to 18,020 telephone inquiries. Through this division's efforts, there was a monetary return to consumers (in the form of claims paid and premiums returned) of $2,787,925.

Investigation Division

This division is charged with the responsibility of investigating allegations of violations of the Insurance Code and related laws by insurance agents, solicitors, counselors, and adjusters. During 1981, 108 investigations were conducted.

Insurance Services Offices of Michigan notices of errors and omissions in rate and form filings resulted in 24 notices to particular companies as follows:

4 — $200 Fines Paid
17 — Closed With No Penalty
2 — Forwarded To Compliance For Action
1 — Still Unresolved

Marketing Practices Division

This division is charged with the responsibility of examining insurers for compliance with sections of the Insurance Code, especially Chapter 20 which deals with unfair trade practices, and Chapter 21, the major portion of the Essential Insurance Act. Companies are targeted for auditing through analysis of consumer complaints received by the Consumer Assistance Division. During 1981, the two examiners completed five audits: League General Insurance Company, Michigan Basic Property Insurance Association, Dairyland Insurance Company, Jackson National Life Insurance Company, and Michigan Automobile Insurance Placement Facility. The reports of examination on these will be ready for distribution the latter part of 1982. However, the division did finalize and publish six examination reports during 1981: Auto-Owners Insurance Company, American Fellowship Mutual Insurance Company, Bankers Life and Casualty Insurance Company, Automobile Club Insurance Association (AAA), Blue Cross and Blue Shield of Michigan, and Foremost Insurance Company.

OFFICE OF HEALTH INSURANCE

This office is responsible for administering laws, rules and regulations pertaining to non-profit prepaid health care corporations operating in the state. These corporations include Blue Cross and Blue Shield of

Michigan (BCBSM), Delta Dental Plan of Michigan (DDPM) and twelve health maintenance organizations (HMOs).

BCBSM provides coverage for medical and hospital care to almost five million persons, over half of the state's population. It has contracts with all but two hospitals and provides payments to the majority of physicians in the state. It also administers the federal Medicare program in Michigan.

1981 proved to be a controversial year in determining what authority the Commissioner of Insurance has over BCBSM. The first major legislative reform of BCBSM since its inception in 1939, Public Act 350 of 1980, was scheduled to take effect April 3, 1981. The Act restructures the Board of Directors of BCBSM to increase consumer representation. It also embodies a significant reduction in direct authority of the Insurance Commissioner over corporate reserves, rates of reimbursement to hospitals and subscriber rates. However, it is an imaginative attempt to solve pressing health care problems, the most important of which is cost containment. The implementation of this Act has been blocked by an Ingham County Circuit Court injunction issued on April 2, 1981 prohibiting P.A. 350 from going into effect. Because P.A. 350 repealed P.A. 108 and 109 of 1939, the Commissioner of Insurance believed she had no regulatory authority over BCBSM. Shortly thereafter the Ingham County Circuit Court declared that because P.A. 350 did not go into effect it did not repeal P.A. 108 and 109; therefore, the Commissioner still has authority under the 1939 Acts. No action has been taken since the injunction was issued.

With the continual increase in health care costs and utilization of these services, a rate increase for area rated groups was granted. The rate increase averaged 17.5%, affecting about 700,000 members which comprise 8% of BCBSM members in Michigan. Although a rate increase was granted effective January 1, 1981 for Non-Group, Group Conversion, and Other-Than-Group Medicare Complementary subscribers, BCBSM requested another 46% increase to be effective January 1, 1982.

HMOs continued to progress as an alternative to traditional "fee-for-service" arrangements. Two HMO applications are, at present, being reviewed by the Office of Health Insurance. This would add to the present twelve now in operation in the state. In addition, six relicensure applications have been submitted to the Bureau for review and approval. A key element of HMO's future growth will be their ability to maintain control of utilization and reduce the need for hospitalization of their members.

Delta Dental Plan of Michigan (DDPM) completed its 24th year of providing prepaid dental benefits to the citizens of Michigan. DDPM currently has 1.5 million subscribers and paid out $133 million in benefits. During 1981, 100 new groups were added to the Delta Dental Plan.

OFFICE OF INDUSTRY STANDARDS

This office administers regulations to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, examined, and analyzed.

Financial Standards Division

This division's primary responsibility is conducting financial examinations on site of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with the statutes, thereby protecting the insurance buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1981, the Bureau's staff of 15 examiners participated in 28 examinations; 27 of the companies were domiciled in Michigan, and five examinations were conducted under the auspices of the National Association of Insurance Commissioners with the participation of examiners from other states. The division also examined one Canadian company that uses Michigan as its port of entry state.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing 1,350 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed

companies under the surplus lines provisions of the Michigan insurance laws. Analyses are performed in order to determine financial solvency and to ensure compliance with various statutory requirements.

The Financial Analysis Division is also responsible for administration of the Premium Finance Act. As of December 31, 1981, there were 38 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not excessive, inadequate, or unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for required clauses and to make sure they are not ambiguous or misleading.

Public Act 145 of 1979, the Essential Insurance Act, was implemented in 1981, affecting private passenger automobile and homeowner insurance rates and underwriting. Every insurer was required to file revised rates and underwriting rules in compliance with the Act. Subsequent review of these filings by the division staff resulted in 42 compliance actions involving 85 insurance companies.

During 1981, the division acted on 8,855 property and liability rate and form submissions. In addition, 17,796 individual policy forms and 13,669 individual risk filings were approved.

In 1981, the division received 6,533 life and health policy form or rate filings and 2,036 advertising pieces or marketing plans. In addition, 1,338 miscellaneous filings were received such as lists of exempt forms, accident and health experience exhibits, and discretionary group life filings.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and agent licensing is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Property and Casualty Guaranty Fund.

The Surplus Lines Unit monitors the activities of surplus lines agents. Staff received premium tax payments totaling $1,247,512.60. New surplus lines licenses were issued to 29 agents. There are 142 surplus lines agents licensed in Michigan.

Agency Licensing Division

This division conducted 9,532 qualification examinations of all types in 1981; 6,087 examinations were completed successfully, while 3,508 failures were recorded. The table below shows the results of the agent examinations by lines of insurance.

Type	Given	Failed	% Failure
Life & Health	6,118	2,202	36%
Property & Liability	1,580	632	40%
TOTAL	7,698	2,834	37%

The number of new licenses issued in 1981 is as follows:

Type	New Licenses Issued	Licenses Terminated
Resident Agent	6,381	764
Solicitor	427	45
Insurance Counselor	33	0
Surplus Lines Agent	29	0
Non Resident Agent	1,091	24
Adjuster	134	3
TOTAL	8,095	836

The division received and processed 63,081 new appointments and 25,670 appointment cancellations.

Insurer Licensing Division

This division is responsible for supervising all corporate activities such as application by foreign and alien insurers for admission to Michigan, for amended authority in Michigan and for the organization of new Michigan domestic companies. The total number of companies authorized to write insurance coverages in Michigan as of December 1981 was 1,119, an increase of 3.1% over 1980. The division is also responsible for maintaining corporate files which contain original copies of activity affecting insurance companies licensed in Michigan.

Domestic Companies Incorporated in Michigan During 1981

The following companies were incorporated under the insurance laws of the State of Michigan, and were authorized to commence the business of insurance in the State of Michigan during 1981:

Security Trust Life Insurance Company of America, a stock life insurer, was issued a Certificate of Authority on January 1, 1981.

Sellers' & Homeowners' Uniform Receipt of Equity, Inc., a stock casualty insurer, was issued a Certificate of Authority on October 22, 1981.

Foreign and Alien Insurers Admitted to Michigan in 1981

A total of 74 new applications for admission were received, in addition to 40 applications pending on December 31, 1980. Action was taken on 55 of these applications, of which 47 were admitted to transact insurance business in Michigan. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluating claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer, and the investing and conserving of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.
